

NORMAS DEL JUEGO

- Se reparten 3 cartas a cada jugador, y después se colocan 5 cartas en medio.
- En cada turno, el jugador podrá utilizar una de sus cartas para crear una palabra con las cartas que están colocadas sobre la mesa. *Podrá utilizar una carta de su mano pero todas las que quiera de las que están colocadas en el medio.
- Si consigue crear una palabra, se lleva todas las cartas que ha utilizado. Si no lo ha conseguido, coloca una de sus cartas en medio.
- En caso de llevarse todas las cartas que quedaban en medio de la mesa, ha conseguido hacer una “escoba”, aspecto importante a la hora de contabilizar los puntos.
- Después de tres turnos (en el que los jugadores se habrán quedado sin cartas) se vuelven a repartir tres a cada uno.
- Después de una “escoba”, se colocan 5 cartas nuevas del mazo de repartir boca arriba.
- **Contabilizar los puntos:**
 - 3 puntos al jugador con el mayor número de cartas.
 - 1 punto al jugador que más palabras haya creado (ir anotándolas en una hoja).
 - 1 punto al jugador que haya creado la palabra más larga.
 - 1 punto por cada escoba realizada.

Gana el jugador con el mayor número de puntos.
